

Addition and Subtraction

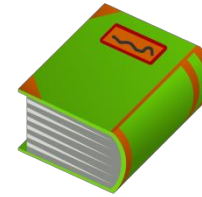

Add and subtract amounts of money to give change, using both £ and p in practical contexts.

- What is 2 pounds and fifty pence less than 9 pound?
- Jack buys 2 pencils from the shop. They cost 27p each. How much change does he receive from a pound?

- Mary buys these two items.

16p

She pays with a 50p coin and is given a 10p and 5p coin as change.

Has she been given the correct change?

- Mo is saving for a book.

16p

His mum gives him a quarter of the money. How much more does he need to save?
